

Monroe Street Condominiums Sales Center Arlington, Virginia

Reception Area

Bathroom

Kitchen

Conference Room

The storefront Sales Center, with its open plan, elegant interior architecture and tasteful furnishings, brought to Madison Homes, increased foot traffic for the luxury Monroe Street Condominium project.

The Sales Center, melding with the right balance of Sales Center components, compelling model, elegantly appointed sales office and meeting room, unit vignettes, and finish boards, received design recognition not only for Madison Homes, but for ForrestPerkins for the use of materials and architectural detailing.
