

 Ritz-Carlton Marina del Rey Los Angeles, California

King Guestroom

King Guest Livingroom

Situated at the heart of the Marina at Marina del Rey in Los Angeles, California, this jewel-like hotel is intimate and convenient for a weekend get away of as home base for an extensive business trip to Southern California.

For the guest accommodations, ForrestPerkins played on the theme of a luxury yacht, utilizing rich woods, burnished brass and sailing imagery with fabrics in soft gold and nautical blue accented by crisp sail white. Furniture is transitional in style and modern in feel. We updated the existing white marble bathrooms with new cabinetry, framed mirrors and sparkling lighting.
