Washington DC-based developer Monument Realty retained ForrestPerkins to be the lead interior architect and design firm on the planned transformation of the iconic Watergate Hotel into 96 world class luxury residences. Designed to be the premier address for Washington's most prestigious residents, each unit was positioned with sweeping views of the Potomac River, with sizes ranging from 800 to more than 5,400 square feet. Fully appointed with exquisite marble and granite clad kitchens and bathrooms, premium wood floors, and kitchens designed at the highest level of product engineering, this property was designed to truly raise the Washington bar in urban luxury living.
