

Ritz-Carlton Marina del Rey Spa

Los Angeles, California

Reception Desk

Reception

Relaxation Room

Pedicure Treatment Room

Treatment Room

The Spa at the Ritz-Carlton Marina del Rey presented unique space planning challenges. ForrestPerkins expanded the existing locker area and fitness facility to accommodate eight treatment rooms, a nail salon and luxurious facilities that include steam rooms and multi-jet showers. Finishes such as marble mosaic, polished mahogany and natural pebbles and mother of pearl impart a serene atmosphere conducive to relaxation and rejuvenation. The Spa also features a couple's treatment room and a wet treatment room
