

 The Hermitage Hotel Nashville, Tennessee

Lobby

Lobby Seating

Lobby Fireplace

With its majestic presence at one end of the monumental core of Nashville, Tennessee, the city known as “The Athens of the South”, The Hermitage contributes to the historic fabric of the city in important architectural fashion. Following an extensive restoration led by ForrestPerkins, the hotel returns as Nashville’s natural social center. At once grand and intimate, the Beaux Arts style Lobby again sparkles with its newly lighted original stained glass skylight and restored marble walls and floor, graced by gilded moldings, custom alabaster chandeliers and hand-made rugs.
