

**The Heritage at Blue Back Square** West Hartford, Connecticut

Sales Center

Kitchen

Break Room

Gallery

In the heart of the main shopping street for West Hartford is the store-front Sales Center for The Heritage at Blue Back Square. The design of the Sales Center captures the New England features that the buyer will experience at The Heritage: marble floors, elegant wood detailing and classic New England decorative lighting. Furniture and appointments are typical of those to expect for common areas at the Heritage House.

The Sales Center features bold graphic depictions of the life style for Blue Back Square and the West Hartford community and surrounds. In the Gallery a prospective purchase views a rendering of the architecture and street life to be offered at Blue Back Square. The center room features a model of the residential property, enlarged floor plans, along with a plan of Blue Back Center within the Town of West Hartford.

In the next room the buyer can experience first hand vignettes of kitchen and master baths for Standard and Penthouse units. The displays include fixtures, appliances and finishes typical to all residential units. Buyers can then meet with Sales Agents to review offerings at the Heritage and enjoy a coffee in the cafe area.
